

VPMA - Annual Meeting and Scientific Seminar  
Thursday, August 11th - Sunday, August 15th  
Marriott Virginia Beach Oceanfront - Virginia Beach, Virginia

\*\*\*Preliminary Schedule\*\*\*

Thursday, August 11th, 2022

7:00 am Registration Opens

7:30am - 8:30am: Continental Breakfast

**Session #1**

8:00-8:20 - Weil osteotomy - is it really effective? (Meyr, DPM)

8:20-8:40 -Tendon transfer/soft tissue balancing of lesser MTPJ pathology (Ramdass, DPM)

8:40-9:00 -Salvage of failed 2nd MTPJ/Lesser ray reconstruction (Meyr, DPM)

9:00-9:20- Management of DJD/Freiberg's (Pontell, DPM)

9:20-9:40 -Assessing and addressing plantar plate pathology (Piraino, DPM)

9:40-10:00 - PANEL DISCUSSION

**10:00-10:30 - BREAK**

**Session #2**

10:30-10:50 - Preventing recurrence in management of HAV - prognostic indicators (Jason Miller, DPM)

10:50 - 11:10 - Complications of HAV surgery (Meyr, DPM)

11:10-11:30 - Lapidus bunionectomy - surgical pearls (Jason Miller, DPM)

11:30-11:50 - MIS HAV Correction - Indications and technique tips (Hallivis DPM)

11:50-12:00 - PANEL DISCUSSION

**12:00-1:00 - LUNCH**

**Session #3**

1:00-1:20 - Lateral ligament sprains in active patients - management tips (Jason Miller, DPM)

1:20-1:40 - Recalcitrant heel pain in the active patient (Hallivis, DPM)

1:40-2:00 - Orthobiologics for tendon/ligament injuries- Is there good evidence? (Piraino, DPM)

2:00-2:20 -Surgical management of ankle instability (Ramdass, DPM)

2:20-2:40 - Arthroscopy pearls (Piraino, DPM)

2:40-3:00 PANEL DISCUSSION

**3:00-3:30 - BREAK**

**Session #4**

3:30-4:00 - Updates of management of bone and soft tissue infection  
of the foot and ankle (ID MD)

4:00-4:20 Local administration of antibiotics in the setting of osteomyelitis, does it make a  
difference in outcome? (Pontell,  
DPM)

4:20-4:40 - Management of post-operative wound/hardware infection (Levitt, DPM)

4:40-5:00 - Patient Safety (Christine Miller, DPM)

5:00 - BREAK FOR EVENING

**Friday, August 12th, 2022**

7:00 am Registration Opens

7:30am - 8:30am: Continental Breakfast

**Session #5**

8:00-9:00 - Opioid Management and Legal Implications (Amber Bockin, JD)

9:00-9:30 - 2022 Updates: Topics in Coding (David Freedman, DPM)

9:30-10:00 - 2022 Updated Topics in Coding - What is a Level 4? (David Freedman, DPM)

10:00-10:30 - BREAK

**Session #6**

10:30-11:00 Plastic surgery techniques (Dockery, DPM)

11:00-11:30 Common dermatologic misdiagnoses (Dockery, DPM)

11:30-12:00 Simplifying pediatric rotational deformities (Dockery, DPM)

**LUNCH 12:00-1:00**

**Session #7**

1:00-1:20 - Tarsal Coalition: Deciding between resection versus fusion (Downey, DPM)

1:20-1:40 - Management of calcaneal fractures (Piraino, DPM)

1:40-2:00- Peroneal tendon subluxation - a reproducible approach (Downey, DPM)

2:00-2:20- Management of tibial plafond fractures (Moore, MD)

2:20-2:30 - PANEL DISCUSSION

**2:30-3:00 - BREAK**

### Session #8

3:00-3:20- TAR	(Moore MD)
3:20-3:40 - Flatfoot (Per Hoff)	(Hoffbauer, DPM)
3:40-4:00 - MIS applications in foot/ankle reconstruction	(Moore, MD)
4:00-4:20 -Syndesmotic injuries of the ankle	(Hoffbauer DPM)
4:20-4:45 PANEL DISCUSSION	

Saturday, August 13th, 2022

7:00 am Registration Opens

7:30 am -8:30 am - Continental Breakfast

### Session #9

8:00-8:30	Role of diagnostic imaging in treating soft tissue and bone infection of the foot and ankle	(Pater Van Geertruyden, MD)
8:30 -8:50	Properly offloading the diabetic foot	(Bruno, DPM)
8:50-9:10	Charcot foot, when must I reconstruct?	(Meyr, DPM)
9:10-9:30	Surgical management of the Charcot foot	(Hoffbauer, DPM)
9:30-9:50	Utility of flaps and biologics for salvage of the diabetic foot	(Levitt, DPM)
9:50-10:00 - PANEL DISCUSSION		
	10:00-10:30 - BREAK	

### Session #10 - Reconstructive Round Robin

10:30-10:45- Close call - salvage of the diabetic ankle fracture	(Ramdass, DPM)
10:45-11:00 -Charcot case	(Levitt, DPM)
11:00-11:15 Rescuing is all about staying logical	(Downey, DPM)
11:15-11:30- TBA	(Bill Simon, DPM)
11:45-12:00 Lessons from the bilateral Bridle	(Hoffbauer, DPM)

**12:00-2:00 LUNCH / ANNUAL VPMA MEETING**

**Session #11**

2:00-2:30- Dr. Chirtea Memorial Lecture- An algorithm to use on Monday to manage common skin issues (Vlahovic, DPM)

2:30-3:00 - Pyoderma gangrenosum (Dockery, DPM)

3:00-3:30- What you didn't learn in school: Nail disease (Vlahovic, DPM)

**3:30 -3:45 - BREAK**

3:45- 4:05 - Tackling the cavus foot (TBA)

4:05-4:25 Nonunions: The 5 Pillars of Successful Treatment (Downey, DPM)

4:25-4:45 Failure of ankle ORIF- what are my options? (Hoffbauer, DPM)

4:45-5:00 PANEL DISCUSSION

Sunday, August 14th, 2022

**Session #12**

8:00-8:30 Management of painful diabetic neuropathy: what other options are there? (Derrick Wagoner, DO)

8:30-9:00 LisFranc injuries - are we fusing too often? (TBA)

9:00-9:30 - Sports Medicine Technologies (Ben Pearl, DPM)

9:30-10:00 - Office Emergencies (Barry Knapp, MD)

**10:00-10:30 - BREAK**

**10:30-12:30 - EVMS/INOVA CASE PRESENTATIONS**

10:30-10:50 INOVA

10:50-11:10 - EVMS

11:10-11:30 - INOVA

11:30-11:50 - EVMS

11:50-12:10 - INOVA

12:10-12:30 - EVMS
